Remember one thing about excellence in pneumatic tires. There must be an inner tube removable through the rim. Victors are built that way and they lead the world. The most elegant bicycle catalog ever seen is yours if you say so.

Breathing

Breathing alone in the wildwood,
Breathing of years gone by,
Thinking of the home of my childhood,
When the friends of my youth were
nigh.

Thinking of dear, old schoolmates,
The friends that I loved long ago,
The times that we spent together,
And the songs that we used to know.

Breathing of those last happy school
days,
When our circle was still complete,
We were pleasant and friendly always,
And our joys were pure and sweet.

Of that strange and wild comradery,
When life leaves in a whirling eddy,
We were scattered from ocean to ocean,
By ways' relentless blast.

Some sleep beneath the southern willow,
Some lie in the ocean's bed,
Some died at home on their pillow,
And some still live life's tread.

But we'll meet in that last home,
Where no war clouds are ever known,
And we'll join in the happy chorus,
With the throng who surrounded the throne.

Song.

The flowers are dead, the trees are bare,
The cock is still at cocking,
So frosty flows the winter air,
It does not wind his horn.

But though the time is cold, my love,
My heart is warm for thee,
What sorrow can it hold, my love,
If thou be true to me.

If thou be true to me,
If thou be true to me,
If thou be true to me,
If thou be true to me.

The dead are frozen in the mold,
The time is on the tomb,
And how it hot or how it cold,
They'll know the day of doom.

But through the frost is low, my love,
My heart is warm for thee,
What sorrow can it hold, my love,
If thou be true to me.

If thou be true to me,
If thou be true to me,
If thou be true to me,
If thou be true to me.

White Wing Prayer.

The Democratic ticket in Gunnison county was nearly all elected. A prayer that Edwin Crook, mayor of Irwin, made in the nominating convention must have done the work. It is too good to be lost and The Denver Col. News reprints it from the Gunnison Tribune as one of the gems of the late campaign. Says the Tribune:

TO ALMIGHTY CREATOR.
Previous to the close of the Democratic county convention last Tuesday, Edwin Crook, mayor of Irwin, arose and all the delegates reverently bowed their heads while he offered prayer to Almighty God. The voice was filled with emotion and the reporter found it difficult to get every word. But here it is:

"I am selling goods cheaply—FLOUR, at \$3.75 per barrel—200 pounds. SUPERIOR PATENT FLOUR, at \$3.50 per barrel—200 pounds. GOOD STRAIGHT FLOUR, at \$3.50 per barrel—200 pounds. One. We will work our wives to death, starve our children, sacrifice our homes, crucify liberty and kill prosperity, but will never go back on our dear old party, and on thee, our most adored Cleveland. Thou art more account than all of us put together. Thou knowest more than the South and the West. Call us fools; spit in our faces; wipe your feet on us; we will love thee all the more. And now our great political father, we leave us in thy care. Do with us as thou wilt. Kick silver into the middle of the next century more privileges to the national banks; issue more bonds; preserve the McKinley bill; establish state banks; foster trusts; bribe congressmen with patronage; fish whenever thou carest to; and we will indorse everything thou doest, carry Cleveland rosters, campaign for him, and for evermore sing thy praise. Amen.

Be in Earnest.
The companion recently had the following, which we would respectfully refer to our brethren here as it contains much that we should emulate and follow. We publish it entire:

Brother Old Fellow, you are members of an order that is honorable in all its appointments; pure and rich in all that commands the respect and esteem of mankind; charitable towards all, and especially so to those of its own household; fraternal to a degree greater than any society or organization in the world, in that it seeks to cultivate the fatherhood of God and the brotherhood of man. It is unfortunate that we are compelled to admit that there are those within the fold who are not imbued with those principles, but there are few households that do not have their "black sheep"—their "family skeletons." It the great make up of the world such things must needs be; else how could we be able to distinguish, admire and praise the good and the beautiful without the contrast by which to form judgment? But such as are "mailed" in the order do not, and should not, fix their status; it is those of other mould who are in the lead and in the majority who impress upon it a part of their nature and give it glory with which it is crowned. The earnest men in the order are the ones who stand out most vividly in the light of events and give character to the eyes of those who are not numbered with us. Mankind sees in it an order numbering in all of its various organizations into the millions; scattering broadcast to its sick and helpless and distressed members of sympathy and counsel and encouragement, and even its enemies are compelled to admire and praise it. It soothes the sorrowing; it lightens the pains of the suffering; it calms and encourages the dying; it carefully and fearfully buries the widow and it cares for, clothes and educates the orphan.

What more could be asked of it or could it do—only to point out to those about the unfulfilled grave that there is a promise of an unending union where partings, sorrows and sighings never come. Of such an order, with such glorious principles, and filled with such noble men, should not be in earnest for its enlargement and the redemption of the immense position of the future world.

The Glad New Year.

Welcome, New Year, welcome,
O New Year, bright and gay!
Thou art come in merry season,
But flowers crown on the way.
Ere long thy rosy fingers
Shall touch the snowdrift cold,
And e'en from out their wilderness
Will spring the snowdrop bold.

Here we go, 1894.

The family of the Rev. Mr. Ledbetter arrived last week and now occupies the parsonage.

Vacation is over and the students are returning in order to resume their studies in college.

Mr. W. P. Howell, after spending three days in Dahlonega, returned to his home in Florida last week.

Many of our citizens have been visiting in the city.

cause, will find an interesting article on the first page of this issue.

Mr. Albert Sitton, of Oakland, Meriwether county, has been here for some days assisting in looking after the estate of Mr. J. W. Sitton.

The widow Porter became dissatisfied with the sale of the land belonging to the Porter estate and it is rechartered by the executor elsewhere.

Miss Hattie Merck, daughter of Dr. Tom Merck of Gainesville, is the guest of the editor's family. She was warmly welcomed by her many admirers here.

The revised list just received by the Clerk of the Court shows that twenty widows and seventeen old soldiers in Lumpkin county, will draw a pension this year.

This Caldwell was arrested by Marshal Harrison last Monday, charged with retailing liquor, but owing to the lack of sufficient evidence to convict he was discharged.

Henry Cannon, who is now confined in our county jail charged with the murder of Jake Hollifield some weeks ago, has never had any committal trial yet. He says the attorneys charge him \$100 in advance before they will take charge of his case, which amount he is unable to raise.

Mr. Wm. Worley, Jr., happened to a painful accident while returning home from Gainesville last Wednesday. Just after coming down the hill at Bull Creek, Hall county, he undertook to unlock his wagon without stopping the team, when his wrist got fastened by the lock chain in some way, and it is thought that his arm is broken.

Cadet Smith, who boarded at the Burnside House had his Christmas before the usual time by knocking a negro man and woman down and leaving out without even shaking hands with the marshal. When he reached Gainesville he got into trouble and was arrested, but finally the case was dismissed and he went on his way rejoicing. Smith is a lively fellow and enjoys sport.

Mr. W. F. Keenan, who resides near the banks of the Chestatee, had his slumbers disturbed the other night by a loud report. He jumped up quick as possible, got gun and went out into the yard to ascertain the trouble. He saw and fired off his weapon in giving any intruder a warning that might be near and returned for the night. Next morning he was not long in finding out what gave him such a scare. It was only a hoop burst off of his krom barrel.

Prevention is Better
Then cure, and those who are subject to rheumatism can prevent attacks by keeping the blood pure and free from the acid which causes the disease. You can strengthen your system by taking Hood's Sarsaparilla as a remedy for rheumatism and catarrh, also for every form of scrofula, salt, thym, boils and other diseases caused by impure blood. It is the only blood purifier.

Mrs. John Huff in Dahlonega week visiting relatives and friends.

Mr. G. C. Wallace of Jay, was in Dahlonega Monday to see the "boys" and wish them all a happy new year.

Joe McDougall came in contact with a mad dog while returning from Gainesville, a few days ago. Joe held the dog while his son cut its throat.

A campaign prayer offered up to Mr. Cleveland will be found on the first page, copied from Colorado paper. Read it. It is the best of the kind on record.

Gen. Murray has been with us this week looking after his mining interests in this county. The general informs us that he has an idea of increasing the number of stamps at his mill during the year.

I have in my hands some tax bills for collection against different parties in the county, which can be had by the bonded bailiffs of their respective districts by calling on me for the same, otherwise I will proceed to collect them myself.

W. B. Townsend.

Mr. J. B. Brown has been appointed a member of the board of education to fill the vacancy of Mr. J. D. Wheelock, who resigned and moved to Hall county. This appointment holds good until the next term of Lumpkin Superior Court, at which time a permanent appointment will be made.

Mr. T. H. Worley of this county, while on a visit to his brothers in Atlanta, just before Christmas, being his first trip to that city since 1864, went out to inspect the battle field where he was wounded, and while looking around at the great changes that had taken place since the bloody struggle, picked up a minnie ball which had been lying there unmolested for near thirty years.

The deputy marshals did not suspend business during the holidays but just kept right ahead with renewed energy by making arrests and tearing up blockade distilleries. Peter Peck was arrested by Mr. Harrison and bound over for working in a distillery. Marshal Helton also brought in a couple of prisoners from Chestatee district, a lad named John Helton and Fats Allison, who were discovered by the Marshal carrying a still and worm to the furnace where the beer and everything was ready for the "boiler." The boy was released by Allison swearing that it was the first trip the lad had made to the distillery and had no connection with it whatever. Allison was required to give bond.

\$100 Reward \$100.
The Readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of this medicine that they offer \$100 for every case that it fails to cure. It is the only blood purifier.

It May Do as Much for You.
Mr. Fred Miller, of Irving, Ill., writes that he had a Severe Kidney trouble for many years, with severe pain in his back and also that his bladder was affected. He tried many so called Kidney cures but without any good result. About a year ago he began use of Electric Bitters and found relief at once. Electric Bitters is especially adapted for all Kidney and Liver troubles and often gives almost instant relief. One trial will prove our statement. Price only 50c. For a bottle, At E. C. Carledge's drug store.

Mr. James Davis, better known as "Cloctaw," who has been down near the edge of the state, helping to drain that much talked of swamp sold by Georgia a few years ago, passed through town on his way home a few nights ago.

It is said everybody enjoyed themselves during the holidays up on Yahoopa. Many of the leading members by aside their church rules and regulations, used toddy and went to dancing. It is said that one of the ministers gave an old fashioned ball and patted until his legs became perfectly sore and tender.

Prof. A. W. Meaders of this place, has contracted to take charge of the Dawsonville school about the last Monday in this month. Prof. Meaders is a graduate of the N. G. A. College at this place, and we are safe in saying that the school under his superintendence will meet with success, and the patrons will be pleased with the instructor's mode of teaching and school government.

Some of the school teachers are grumbling about not receiving their money in proportion to others. While a portion of the teachers have received near all their money as much as \$40 are due others and there is no means on hand. The school commissioner thinks there is about \$1,400 due from the tax collector, but the insolvent and errors will have to be deducted out of this amount which will reduce it considerably.

Violators of the internal revenue law, who were sentenced to serve in Hall county jail, have been having a good time until a few days ago their pleasures were cut right short off. Heretofore they have been living like fighting cocks—would last around town until meat time, when they would repair to the jail, eat and start out for another jaunt, some of them even being allowed to visit their homes in adjoining counties. This was more of pleasure to them than punishment, and some of them had got to increasing their fun by imbibing too freely in the "red eye" sold at the blind tigers in that city. Some one reported the matter to the U. S. Judge in Atlanta, who got after Sheriff Mumday with a sharp stick and caused them to be placed in jail and the key turned on them. So, the blockaders sport while serving out a sentence his come to a close.

Col. W. S. Huff's residence was visited during the Christmas holidays by a fine boy which will cause the father to have to learn a suitable time to be used by him these long nights while his neighbors are peacefully dreaming, but will enter upon the discharge of his new duties with a broad smile. A little girl is also stopping down at Mr. Jim Hughes, but Jim's ladies are not so high, for he lives near a twenty stamp mill which runs day and night except on the Lord's day, where the voice of man cannot be heard during the week unless he yells at the top of his voice and thus the father cannot hold out to do, and he will only be required to furnish vocal music on Sundays. Mr. Huff will doubtless wish before many months that he lived near a mill where it required the use of a car trumpet in order to find out whether the baby is crying or not.

We find the following paragraph in the Glasgow Missourian in reference to the pastor of the Methodist Church at this place: "Learn with me, my friends, to love one another as we love ourselves." This is a fine sentiment, and one that should be in the hearts of all Christians. We are glad to hear that the pastor of the Methodist Church at this place is a man of such high character and one who is so full of love for his fellow men.
